25X1A

   1. Delivered the attached to ████████████ (OSI EDP Liaison Officer) this noon.

   2. He was fully responsive.

   3. He reaffirmed Wheelon's continuing interest in EDP support to OSI.

25X1A

   4. He said (confidentially) that ████████Chief, ABC Div., OSI, has come up with large program probably requiring extensive computational support and for which $2,000,000 was asked for FY 65.

25X1A

   5. He said he would see████this afternoon and would try to get Wheelon's signature on a paper Monday (15 April) when Wheelon returns to Washington.

   6. I suggest OSI engineer a paper of support for the IBM 7090!

25X1A

████████████████

   7. Also suggested something immediate even though imperfect was better than something perfect but late.

   8. Fred will have IBM 7090 vs other candidate equipment, including the UNIVAC 490, paper for you on Monday, 15 April.
